The other day a hunky cop came to the house asking if I had shoplifted at the grocery? My neighbor was there and she started to video the encounter to be sure he was legit. I told him it was not me and told him he could search the house -- or me -- if he had to. He told me that he had to and I proved it was not me.

Don't let this sweet innocent face fool you. I'm all woman with needs that my ex just couldn't satisfy. Oh yeah, he tried and he tried but he just wasn't enough for me. The first time I cheated was with his best friend. The second time was with his boss and that's when he found out. That was the beginning of the end for us. Now I see it as a good thing. Canceling that contract was one of the best things that happened.

Ever since I got my boob job, guys have been looking at me differently. At first I didn't really notice, but as time went on I noticed more and more stares at my chest. That kinda made me feel better so I started wearing low cut blouses and dresses. But my husband didn't like that even though he was the one that paid for them. The person that complimented me the most was his brother. You'll never guess who I cheated with?

the pool is the place

I don't know if I should say that every man should have a mistress and evoke the wrath of feminists, but with every cheating man there must be a cheating woman, or at least one that condones it. Of course, I'm referring to the woman knowing bhe is stepping out on his wife. Now, I am that man. I never thought it would be because I meant my vows and really tried my best to honor them. But I was weak. And I still am.

I am married, faithfully, for eighteen years. Thefre have been many problems throught my marriage, as there are in any marriange, but we managed to get through them. Now, our only child is off to college and it's me and the wife. I work long hours and her job has her traveling two to three days out of the week. We each look at that as a blessing and a curse. Our sex life is okay. Nothing special. We seem to be content with a little fooling around and some intercourse maybe once every couple weeks. That was okay with a kid in the house, but now that we're alone, I think it should happen more often.

My wife and I have tried some things to spark up our romance, and it may work for a week or so but after that we revert back to the same humdrum routine. We even read and tried some of the stuff in that famous bondage book making the rounds. Again, I wanted more, she was willing but lost interest easily.

Okay, you've been waiting for it, so I'll get to it... For the last couple years I've been cheating. Yes, from someone at the office. Yes, she's younger than me and yes, I do have pangs of guilt now and then. Here name is Kaitlynn and she's the office manag-

er at my company. I work in another department which is relatively autonomous within the company. Well, it all started at the company picnic two years ago in Phoenix. We didn't really know each other then as we met being paired off playing some silly games that are played at company picnics. We didn't win, but got to know each other a little and even introduced her to my wife, who had been paired off with one of the staff accountants. I felt sorry for her and we laughed about it afterwards. Back at work, Kaitlynn and I would say hello to each other and on occasion stop by each other's desks for small chat.

Then one day she asked me to lunch. I accepted and by the tome lunch had ended, we made plans to get together. No, ours affair did not happen spontaneously. No, we was not a kept woman. Yes, we ultimately did it... and it was wonderful. She was sexy, passionaty willing, and very aggressive in bed. Sex with her was everything sex should be, and more. And I wanted it.

Kaitlynn had inherited a modest family home where she now lived alone. It was on the other side of town from mine, in an older established neighborhood. The good thing was that the dirveway went around to

the back of the house, so my car was not visible from the street. We had met for out trysts a couple times a month and that was enopough. Kept me happy and didn't make the wife suspicious. I was careful to keep everything normal at home, making up innocuous excuses for being late, etc.

Well, this weekend I was alone at home. The wife was on a four city jaunt and was going to be gone for the week. Kaitlynn and I made plans for me to stay the weekend, our first time spent overnight. We talked about the con sequences and hoow to keep it our secret. Kaitlynn

did feel sorry for my wife, but her baser instincts got the better of her and so we both decided we should feel free in our time together and leave the guilt for later.

Since it was difficult for Kaitlynn and me to go out on a date, we did everything at her house. Saturday night we watched some movies in her living room, since we really didn't have this type of time together, and both dozed off from the couple bottles of wine we had con-

tween my balls and anus, and spread my legs slightly as she worked her fingers closer to my ass. When her fingers reached my tight hole, I rocked my hips forward. In addition to driving my cock deep into her throat.

By now she knew I wasn't asleep anymore. She slipped my dick out of her mouth, looked up into my eyes, and slid her tongue down the shaft. She kept lowering her head, running her tongue across my balls

and over the flesh between the sack and my anus. She then slid her wet tongue around the tight hole of my ass before teasing it with both her tongue and one wet finger.

As she worked her long, wet-tongue around my anus, I put one leg up on the back of the couch so she had even better access. Kaitlynn started to push

her tongue into my hole, then slid her other hand across my leg until she could grab my cock. She was soon fucking my ass with her tongue while I fucked her hand with my cock. I suggested we find somewhere we could fuck for real. Kaitlynn stopped shoving enough to say she had some ideas.

After a few more moments of that attention, she stood up and motioned for me to follow her. Rather than leading me to the bedroom, which I expected, Kaitlynn headed out the back door. Completely naked, she led the way toward the pool. I laughed, and asked how that was different from our other swims. "Because this time I'm going to fuck you on the raft." Kaitlynn said before diving into the water. I dove in after her. I swam to her, then took her hand to pull her toward shallower water where I could touch bottom. Once there, I pulled her into my arms and started to kiss her, forcing my tongue past her lips and into her mouth. At the same time, I slid one hand into the water, following the curves of her body until I reached her pussy mound and slid a couple fingers into her slit.

We played with each other's sex. I lowered my head and sucked one of Kaitlynn's nipples into my hungry mouth. Sucking hard, I took her nipple between my teeth and gently bit down. With my free hand, I teased her other nipple until it was erect, then worked my mouth to that tit, biting the second nipple a bit more forcefully. Ready for the fucking, Kaitlynn pulled away and swam toward the raft. It was a large three person inflatable piece of plastic that was always in her pool.

We both climbed onto it and slid our bodies to the middle to balance it better. As Kaitlynn kissed me, I grabbed my cock and positioned it

sumed. As morning light worked its way through her windows, I felt something warm and wet on my cock. I opened my eyes to see Kaitlynn kneeling on the floor in front of the couch with her head bobbing as she slid her mouth up and down my hardening shaft. Before she realized I was awake, I closed my eyes and leaned back. Kaitlynn continued her blow-job and was soon taking my entire cock into her mouth.

As she got more and more aroused by her own actions, her hand slid off the shaft and across my balls. I felt her fingers playing with the area be-

at the opening of her pussy. Holding myself up on my hands, I rocked my hips forward thrusting myself into her. Kaitlynn moaned in pleasure as she felt my cock fill her pussy. I started to quickly thrust my hips back and forth, slamming my pelvis into Kaitlynn's, my balls slapping against her ass. I rolled off her and laid on the raft, suggesting she mount me that way. She crawled over me on all fours, then lowered her pussy back onto my cock. As she slid down, I leaned up took one marvelous boob into my mouth. Holding her boobs in my hands, I worked my way from one nipple to the other.

I slid one hand up toward her ass cheeks. I found the crack and her hole and slipped two fingers inside her as we continued to fuck. The combined feelings caused an orgasm to slowly start building. I could feel her starting to tense up and then become more frantic in her actions. I pushed my fingers further into her ass and flicked my tongue across her nipple as my cock pounded harder and harder into her pussy.

Finally, her body tensed as an orgasm ripped through her pussy. She drove herself to the hilt on my cock and stayed there, quivering. Her mouth came off her nipple as she started to moan in pleasure. Then, just as quickly as she had, I had my own orgasm and sprayed cum into her cunt. Kaitlynn lowered herself onto me as the tension flowed out of our bodies. She lay there on top of me, my cock still buried inside her pussy, and gently kissed me, our tongues dancing passionately. As we recovered, she rolled off and laid on her side next to me. For a few minutes we lay there in the morning sun, letting it beat on us after it watched our lovemaking.

I rolled off the raft and into the water. She followed and we headed

back into the house to rinse the pool water off our bodies. Hand in hand, wet and naked, we walked back to the house. The morning's events had drained every bit of energy from our bodies, and we showered off and slipped into the bed. A few hours later, I was the first to wake up, giving me the chance to just watch Kaitlynn as she slept next to me, taking in every inch of her naked body.

Kaitlynn's innocent nudity sparked a plan in my mind. Moving slowly, I slid off the bed and I tiptoed to the closet and found Kaitlynn's box of dildos. I found one of the vibra-

tors and quietly closed the door. Kaitlynn was still sleeping, in the same perfect position she had been earlier. On her back with her legs spread, I had a good view of her pussy, and decided to wake her up the same way she had woke me up the night before, by kneeling between her legs and very gently pushing them apart. I laid down between her legs with her pussy directly in front of my face. I stuck my tongue out and lightly brushed it across her lips. The gentle licks didn't disturb Kaitlynn, so I pushed ever so slightly, slipping my tongue into her pussy. I was hungry with desire, and had to restrain myself from becoming too forceful. I continued to slowly slide my tongue up and down Kaitlynn's slit, lubricating it with my saliva.

Despite her sleep, Kaitlynn's pussy responded to my tongue and started to get very wet as her juices mixed with my saliva. As she got wetter, I was able to push my tongue further into her slit. When I noticed Kaitlynn breathing more heavily, I knew it was time to push things even further. As I worked my tongue toward Kaitlynn's clit, I reached for the vibrator sitting beside me on the bed. Without turning it on, I carefully positioned it at the opening of Kaitlynn's pussy, then gently pushed it inside her. Kaitlynn started to moan in her sleep as I gently forced the vibe into her pussy. At the same time, I started to slowly lick her clit with my tongue. Kaitlynn was starting to writhe on the bed and to moan more loudly. She must have cum in her sleep because I did not see her open her eyes.

I stayed for the rest of the day and went home that night. I spoke to my wife on the phone over the next few days and work went on as usual. I saw Kaitlynn a couple more times that week and we made plans to spend another weekend together the next time my wife went out of town.

For the past six years I've always tried to do the right thing. Stay faithful, be happy and give love. That doesn't always seem to work, however, and so I found myself cheating on my man. I did not intend to but the guy was so handsome and I was so lonely.

That guy was my son's soccer coach. He wasn't playing my son enough and I went to find out why. He was so charming and explained to me that he felt he was too small and didn't want to see him get hurt. I thought that was nice and after an hour of more talking I found myself down on my knees giving him a blow job.

two's better than one

I didn't wanna do it, I didn't wanna do it, I didn't wanna do it I kept telling myself. But I did do it. And I did it with two guys at once. I just couldn't stop myself when I was presented with the opportunity to fuck two large cocks after hours at the office. It turned out to be one of the nice perks for working late. I took them both in my mouth and sthen sucked on one as the other guy ate me out. By the time we had finished, it was after midnight and everyone came.

*You
say
you
can't
help
yourself,
but
is it
due to
nature
or to
culture
or to
something
else?*

The desire to cheat is hardly new. While we don't know if cave men actually cheated, it's probably a safe bet to assume that in one way or another they did. And that has been a part of the continuing saga of man, and woman, throughout history; no matter what epoch, nor country, nor laws, nothing. Is it bred into our genes? Is it a response to culture, that is, the rules of the culture? Everyone's culture? Is it something that we can change, want to change, or should change?

born to cheat

are we predestined
to be unfaithful

During my last year in college, things crystallized – for me. I had the same girlfriend through my high school years but we split up when I went to college and she had one more year of high school. I told her I had dated, then slept with a coed I met and while she and I were still technically together, I admitted to straying. I wrestled with the notion that it was cheating, but we were in different places at that time. My girlfriend was not coming to my college, so what are the odds that we would still be boyfriend and girlfriend.

I had several girlfriends throughout college. One probably every few months and while I was dating and sleeping with

two or three girls at the same time. I don't think, and would safely say that they didn't think it was cheating. They were probably doing the same thing. I believe it was just the sexual culture of college life and all the students were feeling their sexuality grow.

A few years after college, secure in my job, I married a girl I met at my sister's wedding. She was kind, funny, sexy, motherly, adventurous. Everything I wanted in a woman. She loved me, too, and after three years together we tied the knot and took our vows. And we meant them. Cut to five years later, with two kids, a dog, house in the 'burbs. We had it all. Except the fire we started with. I never thought about cheating, even with all the flirting at the office. But the office breeds familiarity. There's a comfort level in speaking to someone every day. That comfort level goes both ways because, remember, it takes two to cheat.

If you're a man cheating on your wife, most likely the woman (in my type of environment) knows you're married, but will still cheat with you. Cheating obviously says something about your state of mind, but what about hers? Why did she cheat with you, assuming she was not married or seeing someone? There's a whole psychology to sleeping with a married man that parallels this one.

I have not yet told my wife. This article is a catharsis of sorts. I do not know if I will ever tell her or carry it to my grave. Will I feel constant angst because of it? Sure. Will I ever cheat again? Probably. The question is, however, can be or at least revert to monogamy in the world I live in? I did not go looking for it nor it for me. It was not a sudden thing. I struggle to know why it happened, not why I did it.

sierra

it's a sinn
to be lonely

Nobody likes to be lonely, especially me. That's why I got married. But I found myself being alone most of the time anyway, even when I was with him. So yes, that led me to stray. I cheated with the first guy that showed a sincere interest in me, and that felt good. Not the cheating part, the attention part. I swore it would be a one time thing, and it was. One time with him, one time with another guy, and one time with another guy. Now I'm not so lonely anymore.

I found that losing myself in cheap one-night stands was very revigorating. It isn't something I would do for very long, but while I'm doing it, it's great fun, But it's not a soultion for many lonely women. You have to find your own place and space to combat the loneliness of a man that ignores you. If you have to cheat, do it,; if you have to leave him, do it. Just be happy ladies!

a cheater's dream

I don't think you should be asking me if I've ever cheated. That's between me and my man. He knows where I am almost every minute of the day. Sometimes that gets a bit claustrophobic and I do have to get away. And when I do, it's usually with a girl. They're much more understanding and, believe it or not, can keep this kind of secret better.
